STEADY, READY AND BALANCED!

Join MSPC in September as we strive to be *Falls Free*. Falling is NOT a part of normal aging. Falls threaten the independence and safety of seniors. The statistics are alarming! Every 13 seconds an older adult is seen in an emergency department for a fall and its complications. **The good news is that every older adult has the power to prevent falls.** This September we can be intentional, think things through, and add new behaviors to improve balance and safety. *Let's join a balance class, review medications with our doctors, use those walkers or canes, and stop by the Health Ministry table for more tips on home safety and FALLS PREVENTION.*
