

World Day Against Trafficking in Persons

By Therese M. Griffin, MA, LISAC, MSPC Elder

As we approach **July 30 / World 🌍 Day Against Trafficking Persons**. In particular we lift up the evil nexus of human trafficking and forced migration.

Therese highly recommends seeing the Sound of Freedom Documentary at theaters. A good portion of ticket sales will support Human Trafficking working to free victims. The movie was released 5 years ago to view but it was stopped 🛑 by big 💰 💰 💰 . The average slave's sale price is \$90.

Therese is an active Human Trafficking Sexual & Labor member with the Joliet/Frankfort Franciscans. Please hold all who are working in the field and especially all the International 🌍 Victims.
